

DOMAINE DES CELTIS – Volcano

Syrah

Regulated by the AOP Languedoc Pézenas appellation, Domaine des Celtis sits close to the namesake town Pézenas, also known as the habitat of Molière and where the ancient Languedoc government house was located. The Domaine was acquired and has become part of the Blanville family since 2018, adding to our range another series of beautiful terroir wines and furthering our effort in bringing out the diversity and complexity of the Languedoc terroir.

«“Celtis” means hackberry trees in the Latin language. These majestic and luxuriant trees are the typicality of the Pézenas region, and especially widespread in the appellation of the same name.

Comment by Jancis Robinson

« Dark, inky red colour and dark, smoky, red fruit – tinged with coffee and cassis. Rich with quite some power but the tannins are deep-set into the fruit and there is blueberry freshness.»
